स्वच्छ भारत - स्वच्छ ऊर्जा

Ref: SECI/300MW/Ramagiri/25-26/0026

Date-23/10/2025

To,
The Vice Chairman & Managing Director,
NREDCAP, Tadepalli,
Guntur District,
Andhra Pradesh.

SUB- Request to issue the revised Annexure-11 mentioning 300 MW Solar PV Project for SECI's Ramagiri and Muthuvakuntla village handed over land by GoAP-Reg

Ref: 1) SECI/PS/300 Ramagiri/2025/74431 Dated 10.06.2025
2) SECI/PS/300 Ramagiri/2025/75553 Dated 29.07.2025

Sir,

With reference to the subject cited, SECI had initially proposed to develop a 160 MW Wind-Solar Hybrid Project with BESS. However, despite several rounds of discussions with the Government of Andhra Pradesh (GoAP), NREDCAP, and APSPCL, consensus on tariff could not be reached due to circumstances beyond SECI's control.

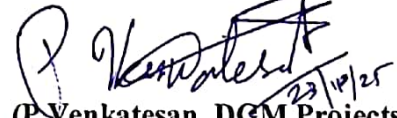

Considering the prolonged delay and the investments already incurred in land acquisition, SECI sought permission for inter-state power sale vide its letter dated 27.02.2020. Subsequently, the Government of Andhra Pradesh accorded approval for inter-state sale of power through the nearest CTU substation.

Further, SECI has restructured the project as a 300 MW Solar PV Project with a long-term power sale tie-up with the State of Madhya Pradesh, with power evacuation planned through the CTU substation at Pavagada.

The Government of Andhra Pradesh has already handed over 902.69 acres of land to SECI under advance possession, in that Government Order (G.O.) has been issued for 75.25 acres. In the said land SECI is implementing the 300 MW Solar PV Project.

To submit the land alienation proposal for remaining land to the Chief Commissioner of Land Administration (CCLA), the District Collector, Sri Sathya Sai District, has requested a revised Annexure-11 from NREDCAP, reflecting the revised project configuration of 300 MW Solar PV Project. The survey numbers and land details required for the revised Annexure-11 for about 827.44 acres are enclosed as Annexures-1 and 2.

(P.Venkatesan, DGM Projects)
