Dear Sir/Madam,

This is in reference to SECI's letter dated **18.06.2025**, wherein we had requested NDMC to initiate and complete the signing of the Power Purchase Agreement (PPA) for the allotted project at the

earliest.

However, we have not received any response or further communication from your end in this regard.

We would like to reiterate that any delay in finalizing and executing the PPA will directly impact the subsequent project development activities, including implementation timelines, regulatory compliances, and associated approvals. As you are aware, timely PPA signing is critical to ensure adherence to the scheduled commissioning timelines.

We request you to kindly expedite the process and revert with your earliest availability for signing the PPA.
